To whoever it may concern,

I would personally like to appreciate the work of Eeshwar Dronavalli who has submitted a valid responsible disclosure at Gasunie. Personally I have been in contact with Mr. Dronavalli during the communication of the responsible disclosures. During that time he showed a lot of effort in providing me information about the findings.

I want to give Eeshwar this letter in order for him to prove his dedication for his work to any possible person he might want to work for/ with or future study he pursues.

Yours sincerely,

David van Schooneveld (02-dec-2020)
